TURTLE CENSUS 2022
Virginia Living Museum
July 16; 9 a.m.
The Virginia Living Museum Education and Herpetology staff began a multi-year research project to monitor the population changes of freshwater turtles in a local watershed over time. Every year in June and July we set out live-capture, baited hoop nets in Deer Park Lake to catch and survey as many turtles as possible. VLM Staff and volunteers gather all of the turtles that are collected in these nets and spend the morning identifying the species and sex of the turtles, cleaning the shell to remove any stuck-on algae, and using a special marking system to determine whether each turtle is new for the year or a recapture from previous years. 524 J. Clyde Morris Boulevard. 757-595-1900. Click here for more information.

CONTINUING EVENTS

STANDING STRONG TOGETHER EXHIBIT
Newsome House Museum and Cultural Center
Continuing through September 4 (Thursday – Saturday); 10 a.m. to 5 p.m.
This historical exhibition honors the legacy, courage and strength of the men and women of the Minute Men Task Force. The Minute Men were a group of community members who formed in 1994 in the wake of attacks on African-American girls and women in the East End of Newport News. The Minute Men walked children to and from bus stops, encouraged increased awareness of safety in neighborhoods, and patrolled the streets in a distinctive yellow van. As we continue to explore ways to improve safety in our community, we invite you to learn about this initiative and its ongoing impact in Newport News. Suggested donation $2. 2803 Oak Avenue, 757-247-2360. Click here for more information.

AMAZING POLLINATORS
